Currently, IDPH is reporting a total of 50,355 cases, including 2,215 deaths, in 96 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have processed 14,478 specimens for a total of 256,667.

*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. Data are available by county on the IDPH website – www.dph.illinois.gov/COVID19. Information for two deaths previously reported has changed, therefore, today's numbers have been adjusted.

For health questions about COVID-19, call the hotline at 1-800-889-3931 or email dph.sick@illinois.gov.
